Military Records/DD-214 Now on Line: It's official; DD-214s are NOW Online. Please pass on to other vets. The National Personnel Records Center (NPRC) has provided the following website for veterans to gain access to their DD-214s online: at either <http://vetrecs.archives.gov> or the following web site <http://www.archives.gov/veterans/military-service-records>. This may be particularly helpful when a veteran needs a copy of his DD-214 for employment purposes. NPRC is working to make it easier for veterans with computers and Internet access to obtain copies of documents from their military files. Military veterans and the next of kin of deceased former military members may now use a new online military personnel records system to request documents. Other individuals with a need for documents must still complete the Standard Form 180, which can be downloaded from the online web site. Because the requester will be asked to supply all information essential for NPRC to process the request, delays that normally occur when NPRC has to ask veterans for additional information will be minimized. The new web-based application was designed to provide better service on these requests by eliminating the records centers mailroom and processing time. When Veterans choose to enroll, VA offers an enhancement to their enrollment experience through "Welcome to VA" (W2VA). Veterans enrolled since July 1, 2015 have received a personal introduction to VA health care services, programs and resources to help them become more familiar with VA's services. In addition, VA sends each new enrollee an introductory letter and personalized handbook in the mail. W2VA enhances communication by reaching out to newly enrolled Veterans through personal phone calls upon enrollment, providing assistance with health care inquiries and assisting with their initial appointment at their preferred VA healthcare facility. For more information, Veterans can contact the Health Eligibility Center Enrollment and Eligibility Division toll free at 1-855-488-8440.
